

Sacred Story

Sacred Stories are about the moments when the people of CHI Memorial find deeper meaning in their daily work. These are about moments when the unique spirituality of our workplace makes a difference for a patient or colleague. They are about feeling your heart and hands being used to do God's work in caring for another person. All of us in the CHI Memorial ministry experience these moments – perhaps not very often or for very long. But, these moments in which our ordinary, everyday work suddenly touches on something deeply meaningful and extraordinary are unforgettable. And, they are worth sharing – to inspire, comfort and reassure others. For more information on Sacred Stories visit <https://chisacredstories.org/>

Email your story to Autumn_Bhushan@memorial.org by April 8, 15, 22, 29 in order to be eligible for weekly prizes.
